

פולא:

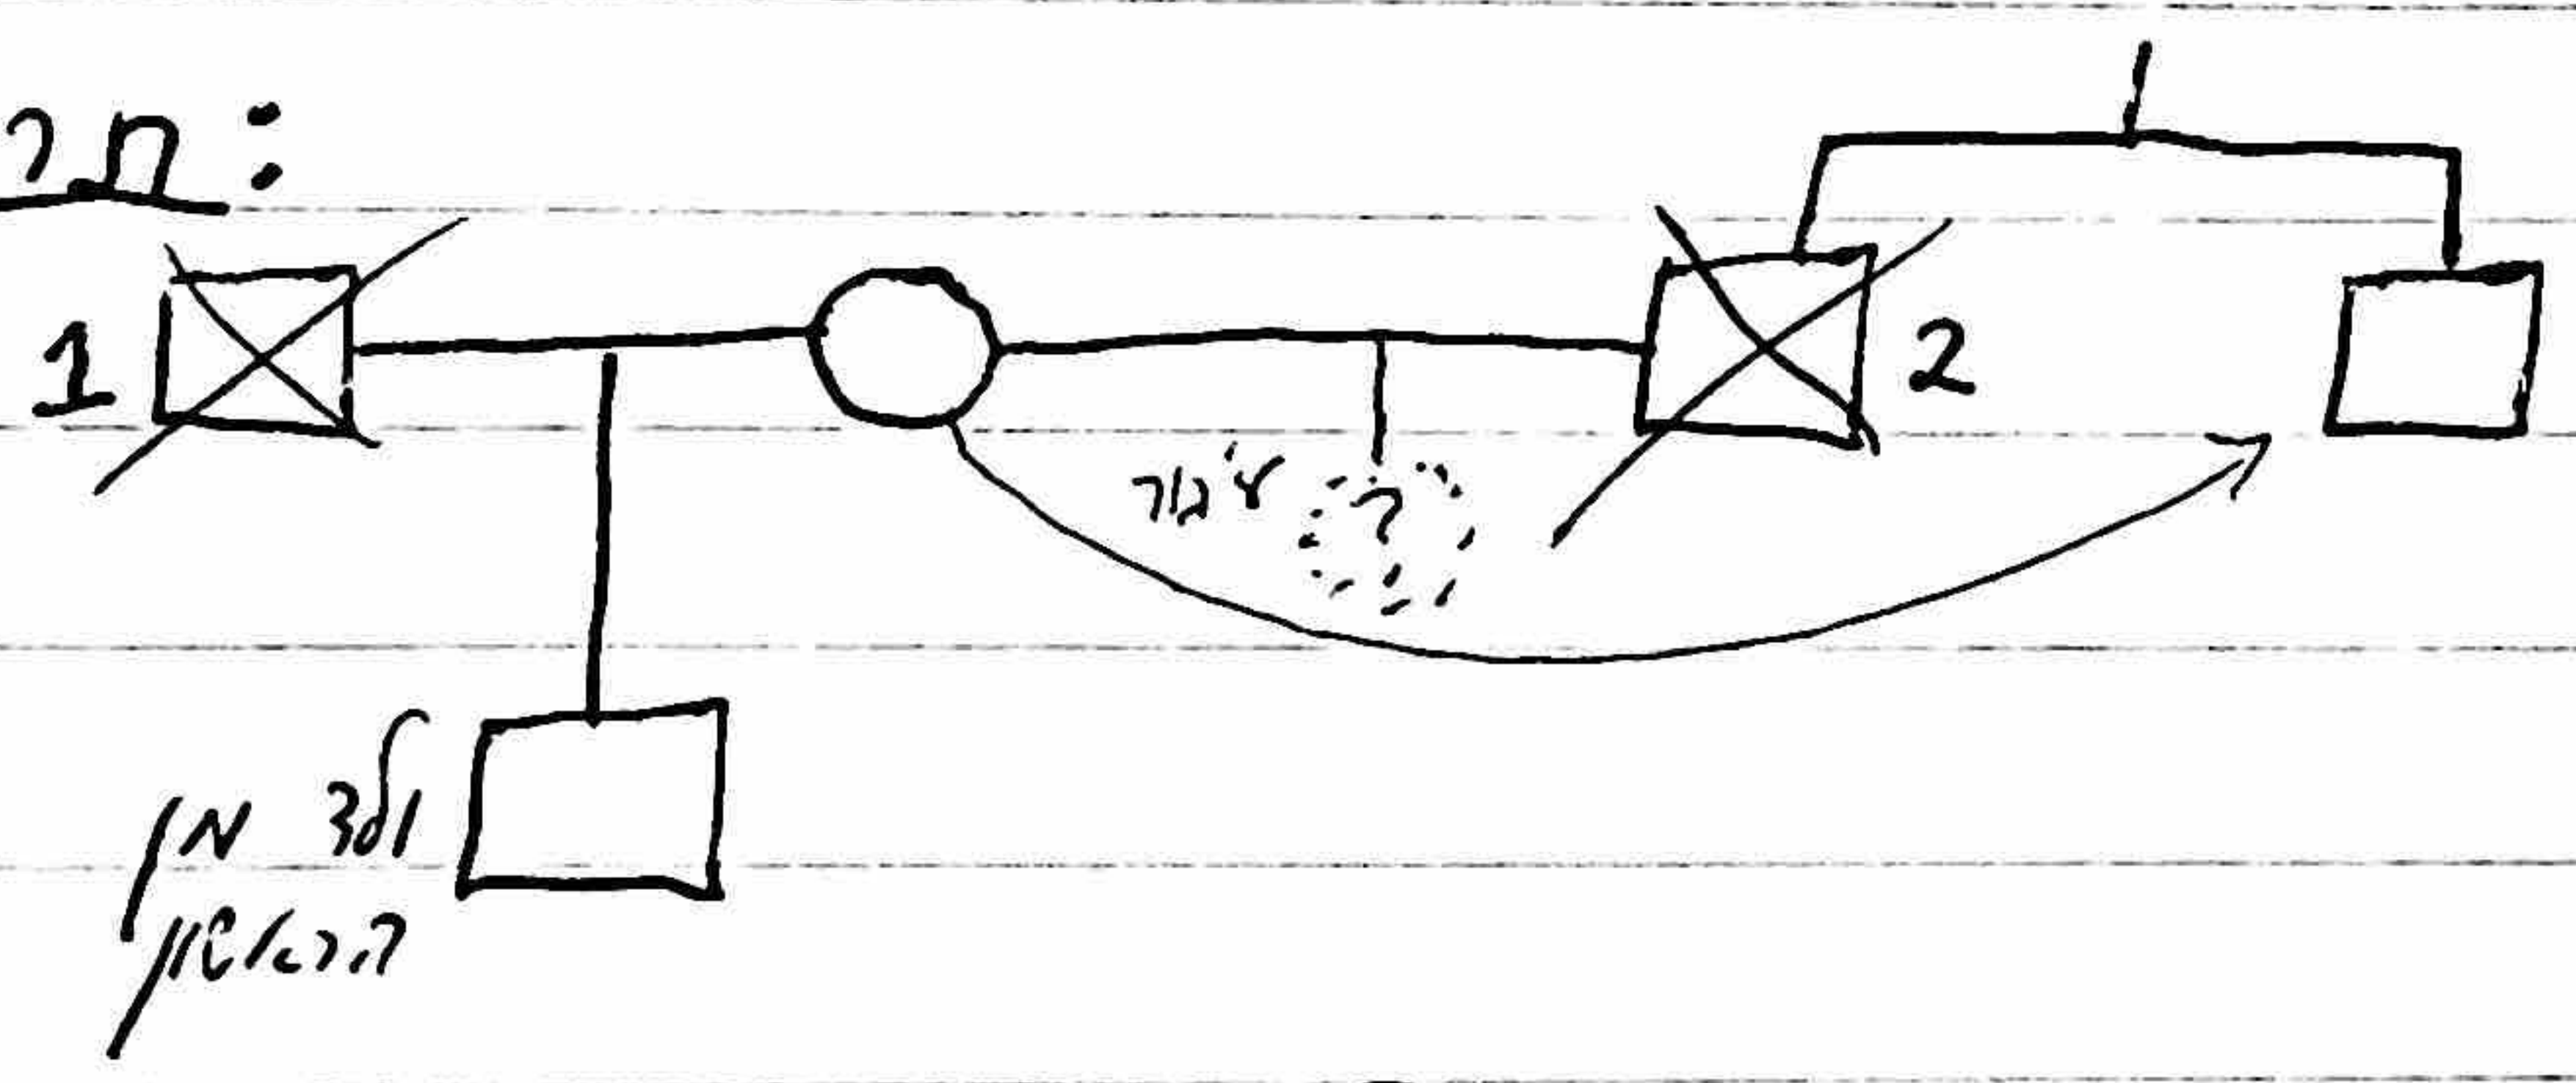

יגמול כ"ס

(by פולא: פ"ח כ"ח)

ע"כ צ"ל (i.e., would need to have פולא...)
 Nevertheless → צ"ל צ"ל כ"ס (and can't be פולא if she is pregnant)
 (must wait to see outcome of pregnancy)

תרוח:

(by תרוח: פ"ח כ"ח)

ע"כ צ"ל (i.e., still can't eat תרוח...)
 Is it thus certainly → ק"מ וחומר → צ"ל צ"ל כ"ס? (and thus don't need ק"מ)
 כ"ס צ"ל

Answers כ"ס → No.

Because by פולא → פ"ח כ"ח (if the זכר was alive at the time of death of the father → never need פולא) - even if he (זכר) subsequently dies.

But by תרוח → פ"ח כ"ח ע"כ צ"ל → if the זכר is alive, he prevents mother from returning to ג'ת אג'ה. But when the זכר dies, the mother then returns to status of ג'ת אג'ה (thus need "כ"ס צ"ל")

יגמול כ"ס

Subsequently, the כ"ס tries all 4 possible חומר ק"מ attempts to try and standardize the פ"ח between פולא and תרוח
